

Pinnacle Business Systems Named to CRN Solution Provider 500

Pinnacle Recognized As Only Oklahoma-Based Company On The List Of Largest 500 Technology Integrators

Edmond, Oklahoma, June 8, 2015 – [Pinnacle Business Systems](#), a leading technology solution provider and systems integrator across the Central U.S., today announced it has been named to The Channel Company's 2015 CRN Solution Provider 500. The annual list, spanning eight categories, from hardware and software sales to managed IT services, recognizes the top revenue-generating technology integrators, MSPs and IT consultants in North America. Solution providers are ranked based on revenue, determined by product and services sales during 2014.

"As the industry evolves, we are focused on partnering with our customers on customized solutions that prepare their organization for growth and success," said Rob Anderson, CEO of Pinnacle Business Systems. "Our continual recognition from The Channel Company and the success from our customers shows me that approach is working and the value we place in our people, their skillsets and our markets will continue to drive growth" added Anderson.

An industry-leading provider of information technology solutions, [Pinnacle Business Systems Inc.](#), designs and implements cost-effective, scalable solutions for customers across various industries and has done so for over 25 years. Pinnacle focuses on providing clients with the expertise needed to assess, architect, implement, and manage information technology initiatives. Key relationships with industry-leading manufacturers and their approach to full-solution services, uniquely qualifies Pinnacle to deliver the right solution to impact your business outcomes.

"The companies represented here are truly dedicated to the needs of customers today. With an evolving IT landscape, this prestigious list serves as a valuable industry resource to help vendors navigate the solution provider community and identify the best partners for their business," said Robert Faletra, CEO, The Channel Company. "We congratulate the featured solution providers for their forward-thinking approach to solutions sales and look ahead to their continued success."

Pinnacle was previously recognized as a 2014 CRN Triple Crown winner.

About Pinnacle Business Systems

Pinnacle is based in Edmond, Oklahoma, and has offices throughout the Central U.S., which enables local, hands-on customer service. Our customers are comprised of Fortune 1000 companies, private firms, local governments, healthcare providers, and small to mid-sized companies.

Within the industry, Pinnacle is noted among CRN's "Tech Elite 250", as a "Solution Provider 500" and as a "Fast Growth 50 Up-and-Coming" company. These three awards attest to the commitment to excellence in certifications and training, marks Pinnacle as a nationally recognized solutions provider of hardware, software, and managed IT services, and as a thriving and growing company. Pinnacle is a five-time winner of The Oklahoman's "Metro 50 Award" and received the U.S. Chamber of Commerce "Blue Chip Enterprise Initiative Award".
